# **Enterprise**

WinKong Marine Engineering Co., Ltd. (WinKong Marine) was established in 2005, an enterprise of platformized service and full-life cycle service that provides specialized, refined, special and new engineering and technical service, committed to becoming a maritime service technology leader, standard setter, and value creator in the era of digital economy. With headquarter in Qingdao, WinKong Marine set up branch offices and workshops in Nantong, Shanghai, Ningbo, Shenzhen, Singapore and Panama. There are around 500 employees and over 295 of them are engineers and technicians. WinKong Marine could offer over 200 technical services and over 82,000 products for ships, provide repair service around 5,000 vessels annually, and get 30+ authorizations from equipment makers.

2005 Year Established in

20 Years

WINKONG MARINE

Dedicated to maritime service

#### **MISSION**

Maritime Service Excellence Provider of Integrated Solutions

#### **VISION**

Committed to becoming a Technology Leader, Standard Setter and Value Creator for global marine service in the digital economy era.

#### **COMMERCIAL VALUES**

- Customer-oriented: Outstanding customer experience with touchpoints and datapoints.
- Employee-oriented: Reward craftsmen and elites, wellbeing together.
- · Partner-oriented: Loyalty and win-win together.

# Enterprises Development History

#### 2008-2011

#### DIVERSIFIED STAGE

#### 2008

 Authorized as sales agent & technical service agent of ESAB

#### 2000

- Authorized as BWMS sales agent of Techcross
- Achieved diversified development from a single automation business to a marine engineering business

#### 2010

2005 • Established a new business R&D center
• WinKong Marine Engineering Co., 2011

founded

- WinKong Marine (Nantong) Co., Ltd. Was founded
- Obtained training certificate of Hudong Heavy Machinery ME&RT-FLEX

2005-2007

INITIAL STAGE

Ltd. was founded

Qingdao RuHai HuiShang Trading Co.,
Ltd was founded

#### 2012-2018

# GLOBALIZATION STAGE

#### 2012

- Visited engine builders such as Hyundai, Doosan, STX in South Korea
- · Developed HongKong & Taiwan market
- Technicians were dispatched for overseas training for the first time
- Achieved the first sales order of Techcross BWMS (Yangzijiang shipyard)

#### 201

 Obtained technical service authorization of Techcross

#### 014

- · Became the ARA of Hyundai
- The Year of Quality, Standardization and Responsibility

#### 201

- 10th Anniversary Celebration of WinKong Marine
   Noise and vibration testing qualification
- Noise and vibration testing qualification certification from DNV/CCS
- Established Zhoushan and Shanghai service stations

- Became the Best partner of Evergreen
- Established Techcross-WinKong China service center
- Obtained service authorization of Kawasaki BT and ARA of Mitsubishi MET/UE Engine

#### 201

- Obtained Quality Management System Certificate of CCS
- Proposed platform-based development strategy of "Global marine service", "Deliver on your expectations"

#### 2018

- Expanded supply side of China, Japan and South Korea
- Established a ship design group
- Awarded with High-tech Enterprise

#### 2019-2020

#### NEW QUALITY STAGE

#### 0119

- · Digital year
- Completed a Ship Maintenance Base in Zhejiang and Shanghai
- Scientific and technological achievements transformation of Shanghai Ocean University-Ship ballast water testing laboratory
- WinKong-Techcross BWMS China Training Center Inauguration Ceremony and the Marine Blue Technology Exchange Conference
- Formulated "1211" development strategy

#### 2020

- ${\boldsymbol{\cdot}}$  Became the PRA of Hyundai
- WinKong digital innovation center was officially established
- SmartEye empowered the frontline of anti-epidemic production
- Executed Dolphin Plan
- Established Qingdao Global Marine Safetycare Technology Co., Ltd. (GMScare)
- Awarded with Specialized and New Enterprise

#### 2021

#### NEW QUALITY STAGE

#### 021

- Launched MarinSmart Platform
- Qingdao Free Trade Zone MarinSmart Supply Chain Co., Ltd. was officially under operating
- Established Qingdao MarinSmart Technology Co., Ltd. based on the digital innovation center
- Established Qingdao MarinSmart Ship Design Institute Co., Ltd.
- Awarded with Global Service Practice Case of 2021 China International Fairfor Trade in Services
- Awarded with 2021 Shandong Gazelle Enterprises
- Awarded with 2021 The First Prize of China Industry-University-Research Cooperation Innovation and Promotion
- Awarded with National Engineering Laboratory for Technology of Testing and Experiment in Offshore Engineering Equipment
- Became the Member of China Society of Emergency Management
- Became the Member of TEMWC of China Society of Emergency Management
- Became the SRA of Hyundai
- Contracted strategic cooperation agreement with China Mobile 5G, RealWear AR head-mounted computer and Inmarsat satellite communications
- Became the First Batch of Enterprises Registered in RCEP
- Key Contract Platform Project of Qingdao Free Trade Zone Shipping Logistics
- Awarded with Qingdao 2021
   Technology-Advance Service Enterprises

#### 2022-2023

#### NEW QUALITY STAGE

#### 2022

- Symbiosis year
- Became the best global partner of Techcross
- Set the goal of going public within the fifth five-year plan period
- Launched MarinSmart Platform 2.0
- Launched Marine Industrial IIoT1.0
- Proposed the excellent service
- Proposed a Strategy for Group-wide Operation
- · Talent Achievement System
- Awarded with Mitsubishi MET license officially
- MarinCare Equipment Health & Efficiency Ecological Management System
- Became the member of China Institute Of Navigation
- Awarded with the first prize of Smart Park(Industrial Park) of the 5th "Bloom Cup" 5G Application Competition
- Selected by the 2022 first batch of small technological giant enterprises of Shandong Province
- Rewarded for R&D investment of the listed 70 Qingdao incubator as private enterprise champion
- Awarded with Innovative Demonstration Enterprise in Service Industry of Oingdao
- Awarded with the TOP 30 of Qingdao Industrial Internet Platform

#### 2023

- · Launched MarinSmart Platform V2.0
- · Signed LTSA with Hyundai
- · Opened WinKong Marine "CUD Work Station"
- Awarded with China AEO Certification
- Awarded with Industry Application Innovation Promotion Center(Marine Industry)
- AAA-level "Enterprise with Good Standardization Practices"
- Top 100 Innovative Potential Private Enterprises in Shandong Province
- High-Growth Marine Enterprises in Qingdao
- Qingdao "Eagle Enterprise"
- Shandong Province Demonstration List for the Integrated Development of New Generation Information Technology and Manufacturing

#### 2024-2025

#### NEW QUALITY STAGE

#### 2024

- Outstanding Service Trade and Service Outsourcing Enterprises
- Launched D-VesselKeeper Ship Management Platform
- · Opened "HD HMST China Service Station"
- Ship Planned Maintenance System(PMS) Approved by CCS
- First Installation of Ship Energy Efficiency Monitoring(EEM) System
- Zhixin Security Inspection System Selected for the Ministry of Transport's Maritime "Four Moderniza tions" Construction Project
- Qingdao "Advanced Military Unit"

#### 2025

 Ship Energy Efficiency Management(EEM) System and Ship Predictive Maintenance System(PHM) Approved by Class NK

- EGCS
- · FGSS/LFSS
- Resource Managing

#### **GMScare Laboratory Testing**

- Water Analysis: D-2 Test, VGP Test, Bilge/Drinking/Sewage/Boiler/Scrubber Water
- · Oil Analysis: Lub. Oil & Fuel Oil Testing ME/AE Exhaust Gas Analysis
- IHM Testing

### **Green Decarbonization Solutions of Full Life Cycle**

- CII Compliance EPC Solutions based on Ship **Energy Efficiency Monitoring System**
- · Ship Energy Efficiency Improvement Solutions
- 3D Scanning & Retrofit Engineering Design
- Newbuilding Ship design

## **Ship Digitalization Products and Solutions**

- MarinSmart Platform (Online Procurement)
- Intelligent PSC/FSC)
- EnginePro
- MarinCare IIoT Platfrom (D-VesselKeeper, SmartEye,
   Intelligent Management of Fishery Cold Chain SmartShipyard, Vesselnet-Wi-fi Communication Network Infrastructure)

### **Intelligent Training**

- Crew Training
- New Product Training
- Manufacturer Training

- · Marine Engineer Training
- Electrical Training

# Engineering & Technical Service

# **Data-Driven Full Life Cycle Service**

#### **Proactive & Customized Maintenance**

- Based on D-VesselKeeper (EEM&PHM) equipment AI diagnosis, operation & maintenance data real-time analysis plus experts evaluation
- Predictive service instead of breakdown maintenance
- Data-driven dynamic maintenance planning
- Periodic Technical Report

# Data Empowerment for manufacturers' design, production and related facilities

- Based on D-VesselKeeper (PMS) system + WMS + EnginePro + Data Analysis + experts evaluation
- Spare Parts Optimization
- Product Upgradation

#### **Innovative Business Model**

- Lumpsum Package Service Agreement (LPSA)
- Long-term Service Agreement (LTSA)

# Green Decarbonization Solutions of Full Life Cycle

# Based on Energy Efficiency Management (EEM) System

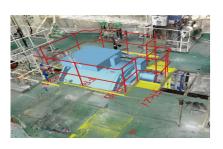

## **Advantages of EEM**

- Approved by class
- · Data acquired automatically, accurate and credible.
- Connected automatically with DNV OVD for verification, generate DCS and MRV reports, providing data support for owner's EU ETS and FuelEU.
- · Continuous energy efficiency optimization suggestions.

## **Provide Multiple Engineering Solutions**

#### **Propulsion System Optimization**

- · Rotor Sailor Retrofit
- · ALS (air lubrication system) Retrofit
- TCCO (turbo charger cut-out) Modification

#### Options

#### **Power System Optimization**

- · Shaft Generator Retrofit
- · AMP-Alternative Maritime Power (Shore Power System)
- VFDs Modification
- LED Retrofit
- · Electric Power Quality Optimization

#### **Emission Reduction**

- OCCS(onboard carbon capture system) Retrofit
- · EGCS Retrofit
- SCR Retrofit
- Ship GHG Comprehensive Solutions

#### **Hydrodynamic Optimization**

- · High Efficiency Propeller Retrofit/Modification
- · PSV(pre-shrouded vanes) Retrofit
- · HVAF(hub vortex absorbed fins) Retrofit
- · PSS Retrofit
- · WID Retrofit
- · FR Retrofit

#### Alternative Fuel/Energy Supply **System Retrofit**

- · Methanol Low-Flashiont Fuel Supply System (LFSS) Design
- · LNG Fuel Gas Supply System (FGSS) Design
- · Ammonia Fuel Gas Systems (AFSS) Design

# <u></u>

#### **Equipment Selection &** Purchase

· Maker authorizations 30+

· Open price of equipment

- · Multiple makers selection

#### **Design & Class Review**

- High accuracy, ensure minimum onsite modification
- · Fast drawing delivery, design on direct 3D modeling
- Average 13 years design experience

#### Material & Fabrication

 Self-own workshop · Design team in charge of quality control of material and fabrication ensure minimum onsite modification

#### Installation, Commissioning & After-sales Service

- · Several yard's representative, such as Beihai, SHG, CUD, ZTHI, Zhoushan Longshan, etc
- · Maker Authorizations 30+
- 290+ technicians

#### Supervision & **Electrical Retrofit**

- · Supervisors 30+
- · Electric modification: MSBD/AMS/GPS/VRC and other peripheral systems retrofit, such as Hyundai, JRCS, BEMAC, Taiyo, TERASAKI, Kongsberg, etc.
